Dear Harold-

Hope you are fully recovered + feeling fine. We are all right down here (My wife had a 7 lb. baby boy a couple of weeks ago).

The reason I write is to tell you that your book Post Mortem which I am presently engaged in reading is a fantastic work. To date, the best thing I have ever read on the subject. Congratulations on a fine book.

Also, I would like to know if there would be any way possible to get a copy of Oswald in N.O.? You are always making reference to it. You have no idea how frustrated I

am.

Too, I don't know the significance yet, but the WC placed altgens at the time of the famous photo much closer to the TSBD than he appears in the Zapruder film. He can be pinpointed by the gutter which he is just East of. I feel like this would make the frame of his photo larger than actually shown + would give him time to take another picture during the 270-300 (Zapruder) area where I am convinced ~~he~~ rather when I saw JFK hit in the head. I cannot find any photos showing the trunk during this time. Do you know where I could get some? Also do you know if Willis is still selling his photos?

And perhaps how we could obtain them? Any photos?

I originally didn't intend to write such a long letter but I got carried away. Sorry.

Thanks again for your time + patience.

Bill
